## **A MESSAGE TO STUDENTS:**

This handbook is provided to you because we believe that students and their parents have a right to know the rules and consequences of the Pulaski County Adult Education (PCAE). Discipline guidelines that are fair and equitable have been adopted to ensure that all students are provided a quality education. The policies and procedures addressed in this handbook are critical to establishing an environment conducive to learning at each school throughout PCAE.

It is impossible to list a rule for every situation that may arise at school or school-sponsored activities. Therefore, students and parents must expect rules and practices to be developed that meet individual school needs. These rules will adhere to local, state, and federal guidelines. These regulations will be communicated to students and parents. It is imperative that each student is knowledgeable of these rules of conduct.

State law (6-18-505) requires documentation of student receipt of student discipline policies. PCAE will provide the required forms that students must sign. By doing so, students are signifying that they have received the Student Handbook Including Conduct and Discipline, and are aware of PCAE's rules, policies, and procedures.

*-Jolla Robinson, Director of PCSSD Adult Education*

## Distance Learning Program Policy

### I. INTRODUCTION

This is our program policy for reporting adult learners' distance education hours to the National Reporting System (NRS). The goal of this policy is to describe the types of activities and curricula approved for distance education and outline the requirements and procedures for reporting distance education activities to NRS.

**Policy 1.1** Adult education programs must follow the steps and processes described in this document to report distance education classes and related student attendance into LACES, the state approved data management system.

Each adult basic education student will be identified as one of two types of learners:

1. Traditional learners: Traditional learners are students who receive 51% or more of their instruction through traditional, face-to-face instruction.
2. Distance learners: Distance learners are students who receive 51% or more of their instruction through approved distance education services.
3. Blended learners: Blended learners are students who receive 51% or more of their instruction through face-to-face instruction and also participate in distance education.

For NRS reporting purposes, blended learners are reported as traditional learners.

However, at the end of the program year, if a student's attendance hours are logged as 51% or higher in distance education, then the student will be classified as a distance learner.

**Policy 2.1** Every adult basic education student must be identified as either a traditional learner or a distance learner. A student is classified as a distance learner if the majority of the student's hours earned in a program year are derived by his or her participation in distance learning activities. However, a student's hours in both distance and classroom activities must be reported into the data management system.

PERSONAL COMPETENCIES: Distance education may not be the right solution for every adult education learner. Identifying the type of adult populations (e.g. ABE, ASE, ESL, etc.) to be served and their required minimum NRS-levels, as well as other required competencies, are essential first steps in creating an effective distance education program. For adults to be successful using distance education, they require the appropriate language, reading, mathematics, and writing skills that will enable them to follow written directions, work independently, and communicate effectively. The selected distance education curricula must also be appropriate for the targeted learner population both in content and level of technical complexity.

NOTE: Students must successfully pass the distance learning survey, and complete a distance learning agreement before being admitted into distance learning classes.

The following personal competencies should be considered when evaluating the appropriateness of distance education for adult learners. While these competencies are not as easily measured as reading, math, and language skills, they may be ascertained through a thorough and comprehensive intake/interview process.

\*Motivation

\*Self-direction

\*Time management and organizational skills

\*Network of support

\*Telephone and Internet access

#### STUDENT REQUIREMENTS:

Grade level minimums: There is no set minimum grade level for students to participate.

Hours to maintain: 12 monthly

Contact to maintain: weekly

#### **To be enrolled, Distance Education students will successfully complete:**

\_\_\_ Arkansas Career Education Distance Learning Survey.

\_\_\_ PCSSD Adult Education distance learning agreement.

\_\_\_ Participate in 12 hours of classroom attendance, which includes TABE assessment, orientation, goal setting, and demonstrated use of computer technology and curriculum.

\_\_\_ Establish and demonstrate use of an e-mail account with attachments.

\_\_\_ Have internet access.

**Students will use Arkansas Career Education approved curriculum, depending on the student learning plan and student goals identified in orientation.**

#### **Enrolled Distance Education students will:**

- Participate 3 hours minimum each week; 12 hours each month to maintain enrollment
- Communicate every 2 weeks with instructor on successes and difficulties with content, to be provided clarification, alternative instruction, and resolution to the learning concerns.
- Attend once-a-month physical or virtually with the DL instructor to review progress and re-align learning plans.
- Reassess on the TABE at 30, 40, or 60 hours (determined by TABE results).

#### **Maintaining Enrollment**

\_\_\_ Students not meeting enrollment criteria will be contacted.

\_\_\_ Thirty days of no contact and/or activity in class will result in curricula access being frozen from students. The student must make contact with the DL Instructor to have it released.

\_\_\_ Sixty days of no participation will result in students being dropped from the distance learning class. Students will physically visit the PCSSD Adult Education Center to consult with the DL Instructor to determine if it best to re-establish distance learning status or participate in only onsite classes.

**Retention Goal: Maintain 60% of enrolled students in course work, with 60% student goal achievement; to increase ten percent each semester.**

C. APPROVED DISTANCE EDUCATION HOURS There are two types of student contact hours that may be counted for reporting purposes: face-to-face hours and proxy hours.

1. FACE-TO-FACE Face-to-face interaction includes student intake & orientation, assessment, goal setting, counseling, and classroom based skills training. Face to Face can be done through Google Meets if the student can not meet in person.

2. PROXY HOURS Proxy hours are defined as the time distance education students spend engaged in approved distance education activities, such as using distance education curricula. The hours for each approved activity are calculated using one of three models:

I. Clock-time: This model assigns contact hours based on the time that a learner is connected to or engaged in an online or software program that tracks time.

II. Teacher Verification: This model assigns a fixed number of hours for each assignment based on the teacher's determination of the extent to which a learner engaged in, or completed, the assignment.

III. Learner Mastery: This model assigns a fixed number of hours of credit based on the learner's demonstrated mastery of the content of a lesson. This model requires previous engagement by the student on curriculum and materials related to the test. A high percentage of correct responses on the mastery test earn the credit hours attached to the material.

#### D. APPROVED DISTANCE EDUCATION CURRICULA REPORTING Policy 2.2

Only hours spent engaged with approved curricula can be reported in LACES.

#### A. ACCOMMODATING LEARNERS WITH DISABILITIES OR OTHER SPECIAL NEEDS Policy

3.1 Learners with professionally certified documentation, issued prior to program registration, who self-disclose a given physical, mental, or emotional disability must be provided appropriate accommodations for participating in a distance education program. If a learner self-identifies a disability, it is the responsibility of the distance education program to provide reasonable accommodations. Programs may not deny or prevent access to services based on a learner's disability.

#### B. ASSESSMENT OF DISTANCE EDUCATION LEARNERS Policy 3.2

All potential distance education students must be given an approved assessment and meet all of the policy guidelines as identified in the Arkansas Assessment Policy & Distance Education Guidelines. All assessments must be administered in a proctored setting. Pre-tests must be administered within the first twelve hours of instruction. Post-tests must be administered according to the testing specifications of the assessment as identified by the test publisher.

**STANDARDS OF CONDUCT**

All students are expected to conduct themselves at all times in a manner that will contribute to the best interest of the school and not infringe on the rights of others. School staff have the authority and the responsibility to take customary and reasonable measures to maintain proper control and discipline among students placed under their supervision. Such measures may include the use of reasonable force in the exercise of lawful authority to restrain or correct students and maintain order. Any student who gives false information or wrongfully accuses another student or staff member may be subject to disciplinary action. The standards of conduct are broken down into four major categories: Levels I, II, III, and IV.

Consistent application of these standards of conduct by teachers, staff, and administrators should result in fairness for all students (offenders and victims alike) and help each school to better achieve our ultimate goal — educating the students.

The following activities are considered major infractions of proper conduct and will subject the student to disciplinary action including, but not limited to, suspension or expulsion from school and notification of law enforcement officials. Below each rule is a standardized list of disciplinary actions to be taken. However, the administration may exercise more extreme action in severe situations or in situations in which a student has been involved in other rule infractions.

## **Forms Used for Enrollment in the Adult Education 16/17 Year Old Program**

The 16/17 Year Old Student Policy for Pulaski County Adult Education is a guide for counselors showing the steps required for a student to enroll in the adult education program. Some of the features most likely to be missed are underlined.

The Out of School GED Attendance Policy is used by the referring school and not required for adult ed purposes. Counselors may find that it is helpful to use so that the student and parents understand the general process required to enter the adult education program.

A fax of the TABE Admission Form is usually the first contact the adult education instructor has regarding the student. This has contact information about the school, as well as the student, and allows the student to test. The instructor will use this information to contact the parent or guardian to set up an appointment to TABE test and notify all to bring valid ID. It will then be faxed back to the counselor notifying him or her of the testing date.

After the student has finished testing and left the building, scores will be obtained and the results faxed to the counselor on the TABE Test Results form. The counselor can easily see if the student has qualified for adult education by making 535 or higher in all areas.

The TABE Conference Decision Form is used when the counselor meets with the student along with the parent or guardian to give test results and discuss the options. All three must sign showing that those involved concluded that adult education was the best choice for the student.

A signed and completed Secondary Withdrawal Form from the student's school must accompany the student along with the documents above in order to enroll in the adult education program. Enrollment in the adult education program must take place within 5 days of withdrawing from school. An appointment is needed to enroll.

The Enrollment in Adult Education Policy may be given to the parent or guardian to serve as a checklist reminding them of the procedure for getting enrolled.

TABE Topics will remind students of the topics that will be tested on the TABE and may be given to the student by the counselor to help the student understand the nature of the test.

**The Pulaski County Adult Education Main Center may TABE test Home Schoolers to see if they qualify to take the GED Ready. Those who have notarized Intent to Home School papers may contact:**

## PCSSD Pulaski County Adult Education COVID-19 Policies

### INSTRUCTIONAL OPTIONS

Pulaski County Adult Education is offering three options for instruction in 2020-2021 in an effort to maintain approximately 50% capacity in each of our sites. The three options are BLENDED, DIGITAL, and TRADITIONAL instruction. With each option, attendance will be taken, and lessons/tests will be graded as required.

**Campus Cleaning:** Pulaski County Adult Education has its own wellness team that is responsible for maintaining health and wellness procedures put in place by the District Wellness Team. The appropriate cleaning agents and other sanitizers will be used, including hospital-grade disinfectants in all learning spaces. Each site will be provided sanitizer, disinfectant spray, and bleach spray used with paper towels for teachers to clean and sanitize throughout the day.

**Health Screenings:** Temperature screenings will be performed on all professional staff, students, and visitors daily. Visitors will be limited to essential business only as approved by the director. Our professional staff will complete a daily screening tool based on ADH guidelines.

**Face Coverings:** Face coverings may be any of the following: medical masks, cloth masks (must be clean and dry) with at least two layers of fabric, or shields. All face coverings should cover both the mouth and nose at all times. Students are required to wear masks in all indoor spaces. All professional staff will be required to wear a mask and a shield or goggles at all times. When doing phonics instruction, the mask may be removed, but the face shield must be kept on.

**Physical Distancing:** All professional staff, students, and visitors will observe physical distancing (6-12 feet) when possible. Classrooms and other spaces will be rearranged to account for spacing recommendations.

**Ventilation:** Classroom doors and windows will remain open when feasible to allow for better ventilation. Buildings with exterior-facing doors, as well as buildings with portables, will be assessed to allow for proper ventilation.

**Travel Outside of Arkansas:** All professional staff who travel to other states may be required to self-isolate per ADH and CDC guidelines.

**Positive Tests & Contact Tracing:** If a teacher tests positive for COVID-19, he/she will contact the Adult Education Director, who will contact human resources. PCSSD-Pulaski County Adult Education will have a point of contact with the ADH and follow the protocol developed by ADH. In the event that there is a positive case in a building, the ADH and ADE will advise on steps to be taken to support the health and well-being of students, staff, and families. If school closure is required, all professional staff and students will work remotely until directed by ADH and ADE to reopen. During the closure, the school will undergo additional cleaning and sanitizing.
